Add up the total number of points assigned for each survey. Average the total number of surveys taken. The average is the percentile given by your survey participants (100 points are possible). Using a standard academic scale:

- 90+ = A
- 80-89 = B
- 70-79 = C
- 60-69 = D

What grade does your worship receive? What did the survey reveal? What is your strongest area? What do you want to hope for in worship?
