The 7 Dimensions process includes a 3 hour virtual training every other month for 14 months with each training focused on one dimension. A 7 Dimensions cohort is limited to 10 participants to provide ample group interaction, peer learning, and support in development of ministry plans. The participants will meet every month (one for the 3 hour training and the following for a 1 hour group coaching session to provide support and accountability.) It is expected that participating pastors will utilize elements of this training to support the development of leaders and ministries within the local church.

Each training session includes:

- Guiding Principles/Best Practices
- Tools for Assessment and Development
- Red Flags Identification
- Suggested Resources

Participants receive PDF versions of workbooks, a variety of Leadership Development Guides, and access to downloadable tools/resources.
